## Disasters:

### Declaration Number

FEMA-4091-MD

## Narratives

### Disaster Damage:

On October 28, 2012, Hurricane Sandy moved up the eastern seaboard. The effects of the storm were felt for several days throughout the State as it produced heavy rains, high winds, and snow. Significant coastal flooding occurred along the Chesapeake Bay. While every county suffered some level of damage from the storm, by far the most significant impact was felt in Somerset County on Maryland's eastern shore. Unprecedented storm waves of up to 7 feet pushed through the City of Crisfield and other low lying areas. Mandatory evacuations were ordered for Crisfield and Smith Island. The State provided immediate assistance for temporary shelter for displaced families through the Department of Human Resources. DHCD later provided assistance through its MD Disaster Housing Assistance Program. MEMA and FEMA estimated that 1,068 houses were damaged across the State during the hurricane. Of those, 927 were in Somerset County. Many of these houses have been impacted further by the delays related to homeowners waiting for insurance proceeds and other funding assistance. Several of the County's businesses were severely impacted by the storm. Many watermen had a significant loss of equipment and building damage. It was reported that several hundred crab pots were lost during the storm. Many small businesses were damaged by high winds and flooding. On November 20, 2012, the State of Maryland was declared a major disaster area as the result of Hurricane Sandy. Somerset County was the only county eligible for Individual Assistance from FEMA. The State received \$8,640,000 for housing and economic development recovery activities in Somerset County in February 2013.

In November 2013, the State received an additional \$20 million to address unmet recovery needs from Hurricane Sandy, Hurricane Irene, Tropical Storm Lee and the Derecho. Regulations required that 80% of the award be spent in Somerset County.

### Recovery Needs:

#### Housing:

In Somerset County, 927 houses were damaged. Of this number, 10 were destroyed, 321 suffered major damage, 218 suffered minor damage and another 378 were affected. The State has awarded the CDBG disaster funds to Somerset County to implement a housing recovery program that consists of rehabilitating and replacing houses.

#### Economic Recovery:

Several of Somerset County's businesses were severely impacted by the storm. Many watermen had a significant loss of equipment and building damage. It was reported that several hundred crab pots were lost during the storm. The State has awarded the CDBG disaster funds to Somerset County for economic recovery activities including grants for watermen, facade improvements grants, and for working capital and/or construction loans. Funds are also being used for job training in conjunction with the Board of Education.

#### Infrastructure:

Through a competitive process, the State awarded funds to Allegany, Charles, Dorchester, Garrett, and Somerset Counties to assist with remaining recovery needs. The majority were for infrastructure projects.

The activities to be funded under this Action Plan would benefit persons who meet specific eligibility qualifications. The qualifications include but are not limited to: income, proof of storm damage, proof of homeownership, and proof of business ownership. All applications will be received and processed under a first come/first served basis regardless of race, national origin or any other protected class.

The State anticipates receiving Program Income from the Housing and economic activities. While a small amount may be generated through the business loans prior to the expiration of the grant, most will be generated in the future. All housing assistance will be provided as deferred loans which trigger payment upon sale or transfer of property after the grant is closed. The County will be required to submit an annual plan as to the re-use if any Program Income received. If not used by the County, the State will distribute the funds under the Community Development funding category. Any funds received while the disaster grant is still active will be used for additional activities under approved Action Plan.

This Action Plan is an amendment to the State of Maryland's Consolidated Plan which is a five-year planning document required by HUD that sets out overall State wide goals and priorities for housing, community development, and economic development activities. The receipt of CDBG Disaster funding requires the State to amend the Consolidated Plan to include the planned use and policies related to the distribution of these funds. The funds will be awarded in rounds after the State does an amendment to the Action Plan.

Per the Consolidated Plan, the State has committed to affirmatively further fair housing and to comply with all executive orders and regulations related to providing equal access to persons seeking assistance through programs funded with HUD funding. Under this grant, the State will continue to ensure that no one shall be discriminated against or denied participation under the identified Disaster Recovery Programs.

The State's grantees are required to comply with all federal and state regulations and policies to make fu

### Recovery Needs:

nds available to all persons who qualify for assistance regardless of race, color, national origin, ethnicity, gender, disability, familial status, marital status, age, religion or sexual orientation. In their outreach efforts, the County will utilize lists compiled by federal, state and county emergency officials of houses and businesses impacted by the Hurricane. Additional efforts will market the availability of financial assistance and specific requirements to all persons and business owners throughout the county.

## Overall Progress Narrative:

For those activities that were listed in the QPR for this period, all narrative updates have been made and certain expenditure updates have also been made. The State is in the process of revising vouchers to adjust for a prior accounting error, which has been described in the Action Plan. The expenditures for those activities have not been revised.
